Remote Wireless Charger

Operation Manual

Thank you for choosing our remote wireless charger, before getting started, please read the manual carefully, so as to ensure the operation.

Notice

- Do not use the charger near water, liquid or wet areas. Clean using a soft paper or towel.
- Do not put any dangerous articles on the charger.
- Cut off the power before cleaning the charger.
- Do not try to disassemble, repair or remould the product by yourself..
- Unplug this device when unused for long periods of time.
- Do not expose your charger to temperatures above 45 °C. Keep out of direct sunlight.

Product specifications

Input parameter	QC3.0/DC12V
	Qi Wireless charging standard
Output parameter	Output: 5W/7.5W/10W/15W
	Transmission distance: 3-20mm
	Efficiency: <75%
	overcurrent protection
	overvoltage protection
Defensive function	short-circuit protection
	temperature protection : 60 degrees of electricity
Weight	86g
Dimension	D85 *13.5mm

Transmission distance: 20mm(MAX)

It is embedded in the bottom of the desktop and the hole diameter is D85mm
